Reaching Home Program Overview

Reaching Home: Canada’s Homelessness Strategy (RH) is the federal homelessness program which replaced the Homelessness Partnering Strategy on April 1, 2019. Reaching Home continues to be a community-based program aimed at preventing and reducing homelessness by providing direct support and funding to urban, Indigenous, First Nations, Inuit and Métis, rural and remote communities across Canada to help them address their local homelessness needs and ensure Canadians maintain safe, stable, and affordable housing.

Reaching Home supports the goals of the National Housing Strategy, in particular, to support the most vulnerable Canadians and to reduce chronic homelessness nationally by 50 percent by 2027-2028.

Reaching Home will work with communities to shift towards a more coordinated and systems-based approach to homelessness and to establish and achieve the following community-wide outcomes.

For further information and to review the Reaching Home directives and key definitions, please visit the [Reaching Home Directives](#).

Under the Reaching Home Designated Communities program, funding is delivered through a third-party delivery model known as the Community Entity (CE) model. Under this model, Canada entrusts a community organization with the responsibility to select and manage RH projects in their community. A Community Entity takes responsibility for implementation of the Community Plan. Under RH, all Designated Communities must have a Community Advisory Board (CAB) in place to set the direction for addressing homelessness locally.

Vancity Community Foundation (VCF) is working in partnership with the CE to help administer and deliver the Reaching Home program.

Following are examples of the roles and responsibilities of the CAB and CE:

To review the [Reaching Home Directives](#) and for more information regarding the CAB, please see [this page](#).

City of Abbotsford Reaching Home 2021-2024 Community Plan

The Community Plan outlines the investment priorities and activities for Reaching Home funds and how the community will move forward with the development of a Coordinated Access System. The City of Abbotsford engaged a broad group of stakeholders to gather feedback on needs and gaps in the region, and how Reaching Home funds might best be allocated to contribute to the following outcomes:

Reaching Home Outcomes

- Reduce chronic homelessness in the community (specifically, by 50% by 2027-2028)
- Reduce homelessness in the community overall, and for specific populations (Indigenous homelessness is a priority)
- Reduce new inflows into homelessness; and
- Reduce returns to homelessness.

Reaching Home has outlined five key investment areas:

1. Housing Services
2. Prevention and Shelter Diversion
3. Support Services
4. Capital Investments
5. Coordination of Resources and Data Collection

The table below, outlines planned allocation of the City of Abbotsford Reaching Home funding from 2021-2024 activity area. These funding priorities may change over time and as such, will be re-evaluated on an annual basis.

Priority Populations

Reducing Indigenous homelessness in the region is a priority for the community as well as the Reaching Home Program. The City of Abbotsford Community Advisory Board (CAB) and Community Entity (CE) are committed to supporting Indigenous, First Nations, Metis and Inuit-led organizations serving Indigenous, First Nations, Metis, and Inuit people and to ensuring that Indigenous, First Nations, Metis, and Inuit individuals and families have access to culturally appropriate services.

The CAB has also identified services to homelessness and at imminent risk individuals who have complex needs (e.g., mental health, addictions) as another priority population. As well as seniors, youth aging out of care and newcomers. In addition, projects that have involved those with lived/living experience of homelessness (e.g., consultation in design, peer support workers in service delivery model) are strongly encouraged.

Minimum and Maximum Requests

While there is no minimum or maximum dollar amount set per project, applicants are advised to refer to the community plan and the chart above for limits in any given area.

Where possible, the RH Program and the CAB encourage partnerships and collaboration amongst groups servicing homeless or at imminent risk of homeless individuals and families.

2021 – 2022 Call for Proposals (CFP) Application Process and Timeline

The CFP application stage will be open from **August 3 - 20, 2021**.

It is anticipated that proposal applicants will be advised of funding decisions by the **beginning of October 2021**. Projects approved for Reaching Home funding will then move forward to contracting, where budget negotiations occur and final agreements are signed.

NOTE: There will be additional Calls for Proposals (CFPs) for each of the following years for the funding allocated for April 2022 - March 2023 and April 2023 – March 2024. The CAB and CE **reserve the right to modify the terms of a CFP at any time**.

Joint Submissions

Joint submissions, partnerships and coalitions are encouraged and if awarded funding, require a single party to take responsibility for the contractual relationship with the CE.

Multiple Submissions

An organization can submit multiple applications. Each project must have its own applications and will be judged on its own merit. As such, an individual project should not be dependent on another also being funded by Reaching Home.

“Stacking” Limit

Where possible and appropriate, the costs of an eligible activity will be shared with the recipient and/or the government and/or the private sector. However, where the sharing of costs with the recipient and private sector is not feasible, total government funding (federal, provincial/territorial, and municipal funding for the same eligible expenditures) must not exceed 100% of eligible expenditures.

No Guarantee of Funding

The total number of projects funded and the amount of funding per project will be determined based on the proposals received and reviewed by the CE, Review Committee and CAB, and any subsequent due diligence. The CE is under no obligation to approve any application through this process.
